

Appendix A3 – Clinical Reasoning Practice (Physiotherapy)

Task

Jake Morrison is a 23yo tradesperson presenting with lower back pain. Complete a subjective interview and answer the following questions.

Jake is waiting for you online:

1. List five key questions you would like to ask Jake about his symptoms. Explain how each question informs you about his presenting condition?
[5 marks]
2. Name three-safety conditions relevant to Jake's case and explain its relevance.
[3 marks]
3. Provide a multidisciplinary recommendation for Jake and explain your rationale.
[2 marks]
